Respectfully submitted,

LOTTIE D. RUST, Treas.

In connection with the above report of the financial status of the Nursing Service, it may be of some interest to note some of the other activities of the Nurse.

She has made many visits not enumerated above. This has been done in connection with investigating sanitary and domestic conditions, cases of destitution and the like.

Backed by the Nursing Committee and assisted by the Health Officer many unsatisfactory sanitary conditions are in process of improvement. Many cases of destitution have been relieved through her efforts, and by the assistance of the proper authorities. Though expected to be on duty only from 8.00 to 5.00, and with Saturday afternoons and Sundays as her own, she has unselfishly and cheerfully made many

calis outside of hours and relieved much suffering. This was especially true during the Grippe epidemic, when she worked to the breaking point.

When the Nurse has been ill, or on vacation, the service has been covered by an able and acceptable substitute.

All in all the Nursing Committee feels that its efforts to make the town a better place in which to live, have not been all together unsuccessful, and that the appropriation so cheerfully voted by the town has not been wasted.
